

### **Questions to ask Extended Health Care Insurance Provider:**

Please ask all of the following questions regarding PODIATRY/CHIROPODY listed below.

#### **PODIATRIST**

1. Are you covered for podiatry?
2. How much per year?
3. How much per visit?
4. Do you have to exhaust your OHIP first if seeing a Podiatrist?

**PLEASE NOTIFY OUR OFFICE IF OHIP MUST BE EXHAUSTED PRIOR TO YOUR APPOINTMENT.**

#### **CHIROPODIST**

1. Are you covered for a chiropodist?
2. How much per year?
3. How much per visit?
4. Do you need to be referred by a family physician in order to be reimbursed?

Please note there is an initial consultation fee, plus fees for any treatments or procedures done and/or x-rays taken.

You may also want to ask about coverage for custom made orthotics (custom made insoles for your shoes). Most of the time, either a podiatrist or chiropodist is approved by the insurance plans for orthotics. We will provide you with the required documentation.

We do accept Debit, Visa, MasterCard and cash for payment and require payment at the end of your visit; we do not bill your insurance.

If you require further assistance please call our office at 519-258-3668.

Thank you,

Footcare Institute
